CONSTRUCTION SPECIALISTS

Providing expertise in **Construction**, **Electrical**
and **External Wall Insulation** since 2002.

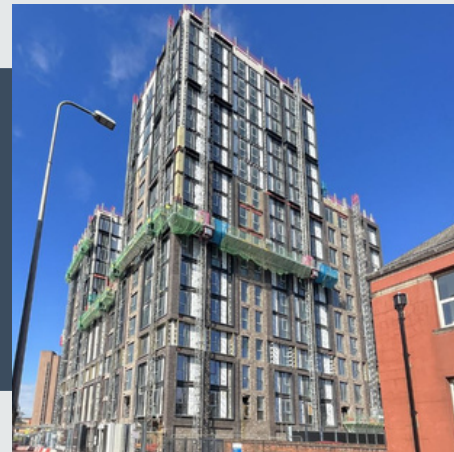

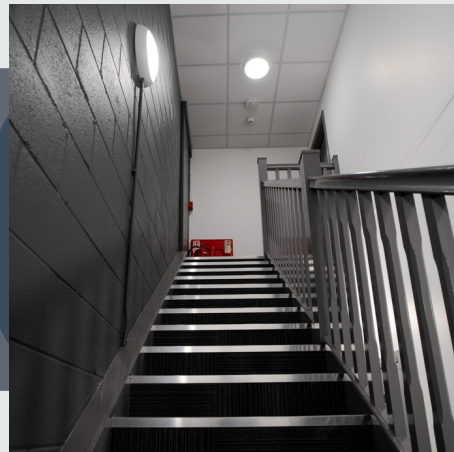

ABOUT US

Over the last two decades, Grove has built a remarkable reputation based on exceptional service and strong team and leadership. We strive to deliver Construction Services that are unparalleled in quality, safety and efficiency, using both traditional and modern methods of construction, creating a bespoke approach to all projects.

Grove operates across multiple sectors including Custodial (Ministry of Justice), Defence (Ministry of Defence), Education, Health (NHS and Local Council Authority), Housing and Regeneration (External Wall Insulation)

At Grove, our team includes over 30 direct trades along with a wide network of sub-contractors. All our employees are fully qualified and have the relevant knowledge to complete even the more complex jobs. At the top of our operations, we have our proficient project managers and supervisors who have extensive experience in all aspects in construction.

OUR KEY SECTORS

CUSTODIAL & DEFENCE

Our construction experts play a big role within this sector as they use their expertise to construct safety features and create additional facility spaces within Prison's and ministry of defence properties. As a contractor within this sector, we are able to partner with Custodial and Defence clients, offering a service that delivers well thought out solutions to complex challenges.

COMMUNITY

These projects are typically aimed at improving public infrastructure. Our community construction projects, such as Gyms, Leisure Centres, Libraries, and Community Centres, contribute to the overall well-being and quality of life. These spaces offer opportunities for leisure, social interaction, and personal growth.

HEALTHCARE

Our dedicated team has tremendous experience within the healthcare sector, and the unique drivers and technicalities that are part of working within a healthcare environment. We offer a full range of services, supporting all aspects of each project across the range of healthcare settings from small primary care schemes to major hospital projects.

EDUCATION

Grove is one of the leading contractors in Yorkshire that works in the Education sector, providing the very best outcomes for client projects and delivering an improved environment for students and academic staff. Modern classrooms, well-equipped facilities and advanced educational technology all contribute to a more engaging and effective experience.

EXTERNAL WALL INSULATION

Our E.W.I department have over 30 years of experience and know every detail of External Wall Insulation.

The primary purpose of External Wall Insulation is to reduce heat loss from within the building, which can significantly decrease energy consumption and heat costs.

The process involves applying a layer of insulation board to the exterior of the building, followed by a three-layer system that adds strength to the structure. A base coat, a reinforcing mesh, and a second coat of render. For completion, the final step requires a pre-coloured top coat render which creates the decorative finish.

E.W.I Finishes:

- Brick Slip Facades
- Silicone Render
- Smooth Render
- Acrylic Render
- Brick Render
- Textured Render

To compliment our External Wall Insulation offer, we are also able to supply a full **Plastering, Rendering and Suspended Ceiling** service.

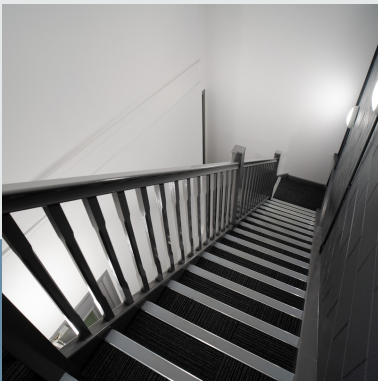

CONSTRUCTION

We at Grove offer a wide range of services within our construction division, including Full Build Construction, Civil Engineering, Property Development, Groundworks, Roofing, and Refurbishment.

Our mission is delivering exceptional craftsmanship, innovative and timely project completion. With a focus on customer satisfaction, we strive to exceed expectations at every step of the construction process.

Our team, with support from a network of quality sub-contractors, has expertise across many sectors and provide the necessary technical expertise and experience, to deliver quality results every time.

Grove's Construction team are hands-on with every project and committed to delivering exceptional results. With a deep understanding of Construction methods and techniques, our skilled professionals work diligently and effectively to ensure that each project receives the highest level of care and expertise.

Our Construction services include:

- Roofing
- Joinery
- Groundwork
- Brickwork
- Internal/External Decorating
- Fit-Out
- House extensions

ELECTRICAL

Our Electrical team are sure to know every detail and requirement to suit all your needs, whether it be simple or complex.

We are focused on providing exceptional service to all of our clients and are proud to have a dedicated and highly-experienced team at the centre of it's operations.

Equipped with a deep understanding of electrical theory, up-to-date knowledge of industry standards, and a passion for innovation, our electricians ensure that every project is completed efficiently and to the highest standard of excellence.

Our Electrical services include:

- PAT Testing
- Full/Partial Rewires
- Repairs and Maintenance
- Bespoke Lighting
- Security Lighting
- Fuse Board Upgrade
- Fault Finding
- Electrical Reports
- Tailor made systems
- Specialist Requirements

All of our Electricians are fully licensed and have completed many years of professional training. This ensures that they have the necessary skills and knowledge to perform their job safely and effectively. With a strong focus on safety and adherence to industry regulations, we ensure that every task is executed with the utmost care and attention to detail. From residential to commercial projects, we offer a comprehensive range of services, all backed by our commitment to quality workmanship. Our goal is not only to meet your expectations but to exceed them, delivering results that stand the test of time.

At Grove, we prioritise the health and safety of our employees, contractors, and all individuals present on our projects.

We maintain a persistent commitment to safety and compliance. All our construction processes adhere to all relevant regulations and industry standards, ensuring that all our work is not only completed to the highest quality, but is also safe and secure.

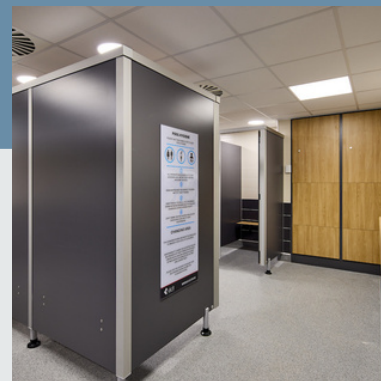

With a direct Health & Safety team, we ensure comprehensive safety training is completed by all of our employees and contractors so that they are equipped with up to date knowledge of safety and the protocols on-site.

From Nurse Call Systems that ensure seamless communication between patients and nurses to the installation of generators for an interrupted power supply, we succeed in reliable services and top tier workmanship. Our expertise also extends to advanced lighting solutions and specialized electrical systems to meet the needs of healthcare environments.

Our team excel in the construction of prison cells, showers, canteens, offices and general correctional facilities ensuring they meet the highest standards of security, hygiene and functionality. All of our dedicated employees hold the necessary security clearances required to work within prison environments.

We provide External Wall Insulation services to city councils. Our mission is to provide houses and high-rise buildings with better energy efficiency, heating costs, safety and to improve their external aesthetics. We keep a focus on sustainability and modernization to transform urban landscapes, ensuring the structures not only meet the highest standard of performance and safety, but also contribute to the well-being of their communities.
